

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the "Submit Without Changes" process.

In general, HUD expects a project's proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year's FY 2018 information, e-snaps will automatically be set to "Make Changes" and all questions on each screen must be updated.

Renewal projects that select "Fully Consolidated" on the Grant Consolidation screen may not use the "Submit Without Changes" process and esnaps will automatically be set to "Make Changes". However, if the applicant selects "Individual Renewal", this project application(s) can use the "Submit Without Changes" process. In addition, esnaps will automatically be set to "Make Changes" if the project applicant indicates on the Renewal Expansion Screen, this project application is for a "Combined Renewal Expansion" project application. However, the stand-alone renewal expansion project application(s) can use the "Submit Without Changes" process.

The e-snaps screens that remain "open" for required annual updates and do not affect applicants' ability to select "Submit without Changes" are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in "Read-Only" format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select "Submit Without Changes" in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: "Submission Without Changes" Screen, select "Make Changes", and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks "Save", the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

- 1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request?** Yes

- 2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request?** No

- 3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request?** Yes

- 4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request?** No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen. Yes

2. Is this the Stand-alone Renewal (Expansion) project application or the Combined Renewal Expansion project application? Combined Renewal Expansion

2b. Combined Renewal Expansion Table

Stand-Alone Renewal or Stand-Alone New	Project Name	Total Requested Amount	PIN Number	Expiration Date
Stand-Alone Renewal	Madison/Dane CoC HMIS	\$44,500	WI0180	09/30/2020
Stand-Alone New	Madison/Dane CoC HMIS Expansion	\$45,582		

Combined Renewal Expansion Summary

Total Requested Amount in the Combined Renewal Expansion	\$90,082

I hereby confirm that I have reviewed the accuracy and submitted all the renewal and new project applications related to this Combined Renewal Expansion request into esnaps and I have attached on Screen 7A the PDF copies of each of the FY 2019 project applications listed above.

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition? No
If "No" click on "Next" or "Save & Next" below to move to the next screen.

This screen is currently read only and only includes data from the previous grant. To make changes to this information, navigate to the Submission without Changes screen, select "Make Changes" in response to Question 2, and then check the box next each screen that requires a change to match the current grant agreement, as amended, or to account for a reallocation of funds.

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Madison/Dane CoC HMIS Expansion project provides funding for Wisconsin's statewide HMIS. The HMIS has been utilized by all four of WI CoCs and is a critical foundation for all homeless services in the state. The HMIS has a shared governance structure, with all four HUD CoCs providing oversight for the project. In addition to all non-DV CoC funded projects participating in the system, all ESG funded projects (state and entitlement) are using the system, as well as 100% of VA GPD, VA SSVF programs, HHS PATH programs, and many other presently non-mandated state and federal programs. The HMIS is compliant to the newly released data standards/dictionary, and accurately generates all federally required reports, including the CoC APR, ESG CAPER, SPMS, RHY CSV, SSVF CSV, and AHAR. ICA operates the HMIS in a statewide regional format, with staff at scattered sites. ICA staff work with numerous state and federal funded partners to ensure high quality, reporting, and system use for projects such as the VISPDAT and Coordinated Entry. The project provides: Technical Assistance and Training – ICA provides a curriculum based training to the CoC on topics such as security and privacy, new user training, grant and project specific training, point-in-time training, sub-populations (ie youth, veterans, chronically homeless) training, report training, and advanced user training. CoC Performance - ICA provides oversight and actively manages the collection and reporting of all HUD report formats. This includes implementation of data collection and reporting for the HEARTH performance outcomes as well as implementation of coordinated entry in HMIS. These tasks are done in coordination with CoC leadership. Many of these reports are run on a monthly or quarterly basis to monitor data completeness and performance throughout the year. ICA has already implemented HMIS system performance measures as well as coordinated entry in HMIS for all CoCs. Point in Time - ICA staff review PIT data accuracy and follows up with agencies. Once all data collection and validation is completed, the data is submitted to HUD's Homeless Data Exchange (HDX) for the PIT count and the Housing Inventory Chart (HIC). In addition, a final PIT report is provided to the CoC. Data Analysis/Reporting – Project specific, Agency, and CoC level system performance measures are critical to show success of investments in strategies to reduce the number, frequency and duration of homeless episodes in the CoC. ICA will provides reports allowing agencies to monitor their progress toward annual goals of the CoC, including system performance measures. Reports will be available for the CoC to determine progress on system goals developed locally, and performance goals established by HUD. ICA staff possess an in-depth understanding of the system generated reports for federal funders, including the HUD APR, SPMS, RHY CSV, the VA SSVF CSV, the ESG CAPER, and the PATH report.

2. Does your project have a specific population focus? No

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

The Institute for Community Alliances is a 501c3 non-profit organization specializing in HMIS Lead and System Administration headquartered in Des Moines, Iowa. ICA has been involved in HMIS lead and administration projects and activities since the inception of HMIS in 2001. ICA has functioned in this role for the Iowa statewide implementation from its inception in 2001 and has been the HMIS lead in Omaha, Nebraska since 2006. In 2014, ICA became the HMIS lead agency and system administrator for the Wisconsin statewide HMIS, as well as the Missouri Balance of State CoC multi-jurisdictional implementation. At present time, ICA provides HMIS lead services in 13 states, encompassing 33 HUD defined Continua of Care. ICA presently manages numerous HUD CoC HMIS grants that are renewed annually. The HUD HMIS grants awarded annually to ICA total more than \$3.2 million.

ICA has an eight person management team with a combined 70 plus years of experience administering HUD CoC grants, including general fiscal management and staff supervision. The ICA management team is geographically dispersed throughout its service delivery area, with management operating in Des Moines, IA, Jefferson City, MO, Omaha, NE, and Madison, WI. The ICA executive assistant/grant manager operates from its headquarters in Des Moines, IA, and works with the management team on a daily basis to track project revenues and expenditures. Budgets and bookkeeping for each of the four major HMIS implementations are tracked separately, with commingling of funds from each project strictly prohibited.

ICA has established itself as a performance leader in HMIS services. ICA believes in the value of data to inform program development and improved clients' services/outcomes. Our staff ensure that accurate data is entered into the system and, as importantly, accurate and useful reports are generated from the system for agency, local community and CoC use.

2. Describe the experience of the applicant and potential subrecipients (if any) in leveraging other Federal, State, local, and private sector funds.

In addition to receiving more than \$3.2 million in HUD grants, ICA supports its numerous HMIS projects with diverse funding streams in order to make each project financially sustainable on a yearly basis. ICA secures funds from organizations that use HMIS as well as other grant programs that are required to access the system. With certain exceptions, funds that are provided to ICA directly from a grantor or unit of government are allocated based on a set dollar amount and formalized through a Memorandum of Understanding (MOU) or a contract. Grant funds that are received from grantees and other non-profit

organizations specifically for a project are based on a percentage allocation, either 1%, 1.5%, or 2%, depending upon the volume of system usage by that grant program and the frequency of federal reporting required by the grantee.

Some examples of how federal funded programs are leveraged for financial support include:

Emergency Solutions Grant (ESG) – ICA receives ESG funds through multiple sources. Entitlement jurisdictions that receive ESG funds at present time pay a set percentage or a fixed dollar amount, varied by state or local government.

Housing Opportunities for Persons with AIDS (HOPWA) – HOPWA funds are received from the HOPWA grant administrators to support the use of the system.

VA Supportive Services for Veterans and Families (SSVF) – ICA receives funding from SSVF grantees in an amount equivalent to 1% or 2% of their total annual award.

SAMHSA Projects for the Assistance in the Transition from Homelessness (PATH) – In Iowa, the state department that receives and administers PATH funds allocates a set dollar amount on an annual basis for HMIS support. In Wisconsin, Missouri, and Vermont, the PATH grantees have a dedicated line item for HMIS support and are subsequently billed by ICA on a quarterly basis for those funds.

ICA implements a user fee structure where agencies are invoiced annually for user licenses assigned and in use by their respective end-users. This fee structure also includes payment for access to the Business Objects XI ART reporting tool. The user fee structure is proposed and adopted by the continua as part of the HMIS policies and procedures.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

ICA is 501c3 private, not for profit organization with a Board of Directors, management staff, onsite financial manager, and front line staff across 13 states. ICA has a Management team comprised of the Chief Executive Officer, Executive Director, Associate Executive Director, and State Directors. ICA also employs a consulting accountant on a part time basis to provide an independent reconciliation of accounts and to verify other financial tasks performed by ICA staff. The consulting accountant also meets with the management team monthly to jointly review grant expenditures and address any issues or concerns. ICA uses industry standard Quickbooks for financial management and undergoes an independent A133 audit annually, which ICA has maintained a "low risk" auditee designation for many years.

ICA works in coordination with the CoC, its member agencies, funders, and other key stakeholders at all times to ensure that all HMIS lead obligations are completed to the highest possible standards. ICA staff are involved directly and indirectly with CoC board of directors, sub-committees, and many planning committees throughout its service delivery area. ICA staff often hold leadership positions in these groups.

4a. Are there any unresolved monitoring or audit findings for any HUD grants (including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

1a. CoC Number and Name: WI-503 - Madison/Dane County CoC

1b. CoC Collaborative Applicant Name: City of Madison

2. Project Name: Madison/Dane HMIS Expansion 2019

3. Project Status: Standard

4. Component Type: HMIS

5. Does this project use one or more properties that have been conveyed through the Title V process? No

6. Is this new project application requesting to transition from eligible renewal project(s) that were awarded to the same recipient and fully eliminated through reallocation in the FY 2019 CoC Program Competition? (Section II.B.2. and Section III.C.3.q. of the FY 2019 NOFA). No

7. Under CoC Interim Rules, new grant funding cannot replace state or local funds. Can you confirm that this project application for new CoC Program funding will not replace state or local funds?

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

This HMIS Expansion will expand the use of HMIS reporting and project analysis throughout the CoC. These funds will be used to increase HMIS staff in Madison/Dane CoC from 0.5 FTE to 1 FTE. The Madison/Dane HMIS staff will provide training and technical assistance related to reporting. This project will ensure the CoC has an operational HMIS for reporting and evaluation purposes that meets all of the federal data and technical standards. The project will cover the following concepts:

Technical Assistance – ICA strives to have an initial response time within two hours to ensure accurate understanding of the issue. If an immediate solution cannot be provided, the system administrator will inform the agency of the steps that will be taken to address the issue and provide regular updates to that agency as progress is made.

CoC Performance - ICA provides oversight and actively manages the collection and reporting of all HUD report formats. This includes planning for and the implementation of data collection and reporting for the HEARTH performance outcomes. These tasks are done in coordination with CoC leadership. Many of these reports are run on a monthly or quarterly basis to monitor data completeness and performance throughout the year.

Point in Time - ICA staff review PIT data accuracy and follows up with agencies. Once all data collection and validation is completed, the data is submitted to HUD’s Homeless Data Exchange (HDX) for the PIT count and the Housing Inventory Chart (HIC). In addition, a final PIT report is provided to the CoC. ICA also takes an active role to support the unsheltered counts across all CoCs and includes that data with the HDX submission.

Data Analysis/Reporting – Project specific, Agency, and CoC level system performance measures are critical to show success of investments in strategies to reduce the number, frequency and duration of homeless episodes in the CoC. Once fully staffed, ICA will provide reports that allow agencies to monitor their progress toward annual goals of the CoC, including system performance measures. Additionally, reports will be available for the CoC to determine progress on system goals developed locally, and performance goals established by HUD. ICA staff possess an in-depth understanding of the system-generated reports for federal funders, including the HUD Annual Performance Report (APR), the HOPWA APR and Consolidated Annual Performance and Evaluation Report (CAPER), the VA Supportive Services for Veterans and Families (SSVF) Data Quality Report, the Emergency Solutions Grant (ESG) CAPER, and the Projects for the Assistance in the Transition from Homelessness (PATH) report.

2. For each primary project location or structure in the project, enter the number of days from the execution of the grant agreement that each of the

following milestones will occur as related to CoC Program funds requested in this project application. If a milestone is not applicable, leave the associated fields blank. If the project has only one location or structure, or no structures, complete only column A. If multiple structures, complete one column for each structure.

Note: To expend funds within statutorily required deadlines, project applicants must be able to begin assistance within 12 months of conditional award. The one exception is for applicants who are conditionally awarded sponsor-based and project-based rental assistance. These conditional award recipients will have 24 months to execute a grant agreement; however, HUD encourages all recipients conditionally awarded funds to begin assistance within 12 months. The estimated schedule should reflect these statutorily required deadlines.

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the "Submit Without Changes" process.

In general, HUD expects a project's proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year's FY 2018 information, e-snaps will automatically be set to "Make Changes" and all questions on each screen must be updated.

Renewal projects that select "Fully Consolidated" on the Grant Consolidation screen may not use the "Submit Without Changes" process and esnaps will automatically be set to "Make Changes". However, if the applicant selects "Individual Renewal", this project application(s) can use the "Submit Without Changes" process. In addition, esnaps will automatically be set to "Make Changes" if the project applicant indicates on the Renewal Expansion Screen, this project application is for a "Combined Renewal Expansion" project application. However, the stand-alone renewal expansion project application(s) can use the "Submit Without Changes" process.

The e-snaps screens that remain "open" for required annual updates and do not affect applicants' ability to select "Submit without Changes" are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in "Read-Only" format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select "Submit Without Changes" in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: "Submission Without Changes" Screen, select "Make Changes", and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click "Save" and those screens will be available for edit. Once a project applicant selects a checkbox and clicks "Save", the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen.

Yes

2. Is this the Stand-alone Renewal (Expansion) project application or the Combined Renewal Expansion project application?

Stand-Alone Renewal Expansion

2a. Input the name and grant number of the combined renewal expansion

Combined Renewal Expansion Project Name: Madison/Dane CoC HMIS

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

The Madison/Dane CoC HMIS project provides funding for Wisconsin's statewide HMIS. The HMIS has been utilized by all four of WI CoCs and is a critical foundation for all homeless services in the state. The HMIS has a shared governance structure, with all four HUD CoCs providing oversight for the project. In addition to all non-DV CoC funded projects participating in the system, all ESG funded projects (state and entitlement) are using the system, as well as 100% of VA GPD, VA SSVF programs, HHS PATH programs, and many other presently non-mandated state and federal programs. The HMIS is compliant to the newly released data standards/dictionary, and accurately generates all federally required reports, including the CoC APR, ESG CAPER, SPMS, RHY CSV, SSVF CSV, and AHAR. ICA operates the HMIS in a statewide regional format, with staff at scattered sites. ICA staff work with numerous state and federal funded partners to ensure high quality, reporting, and system use for projects such as the VISPDAT and Coordinated Entry. The project provides: Technical Assistance and Training – ICA provides a curriculum based training to the CoC on topics such as security and privacy, new user training, grant and project specific training, point-in-time training, sub-populations (ie youth, veterans, chronically homeless) training, report training, and advanced user training. CoC Performance - ICA provides oversight and actively manages the collection and reporting of all HUD report formats. This includes implementation of data collection and reporting for the HEARTH performance outcomes as well as implementation of coordinated entry in HMIS. These tasks are done in coordination with CoC leadership. Many of these reports are run on a monthly or quarterly basis to monitor data completeness and performance throughout the year. ICA has already implemented HMIS system performance measures as well as coordinated entry in HMIS for all CoCs. Point in Time - ICA staff review PIT data accuracy and follows up with agencies. Once all data collection and validation is completed, the data is submitted to HUD's Homeless Data Exchange (HDX) for the PIT count and the Housing Inventory Chart (HIC). In addition, a final PIT report is provided to the CoC. Data Analysis/Reporting – Project specific, Agency, and CoC level system performance measures are critical to show success of investments in strategies to reduce the number, frequency and duration of homeless episodes in the CoC. ICA will provides reports allowing agencies to monitor their progress toward annual goals of the CoC, including system performance measures. Reports will be available for the CoC to determine progress on system goals developed locally, and performance goals established by HUD. ICA staff possess an in-depth understanding of the system generated reports for federal funders, including the HUD APR, SPMS, LSA, RHY CSV, the VA SSVF CSV, the ESG CAPER, and the PATH report.
