2. **Outreach meeting updates**
 - i. Do we ask “why are you not using the shelter tonight” question at PIT? Can be asked at post-count.
 - ii. Outreach partners’ recommendations on team make up and known location list: Sara AJ will forward current (outreach) known location list to PIT committee.
3. **Known location list survey:** Should Sarah send surveys to HSC to obtain additional known locations? Agreed.
4. **New volunteer survey:** should we recruit additional volunteers? We have agencies that are required to participate in PIT. Declined additional volunteers.
5. **Post count:** up to 7 days after count. Remote locations, shelters/day shelters, outreach to schools
6. **Walk-on items: Schools:** Tyler, Catherine, Sarah to email messaging for schools. Schools could attend the training/view the training to complete the survey. Mass emails to schools get lost in shuffle, so individual check-ins are important. Tyler is willing to meet in person for intentional conversation to get best results. Will meet additionally following this meeting. Catherine shared a list of school contacts/liaisons. Catherine and Tyler will reach out individually, at least to bigger school districts, following a mass email.
