

# COVID-19 Screener

Name: \_\_\_\_\_ DOB: \_\_\_\_\_

1. Are you feeling ill?  Y  N

If yes, take temperature: \_\_\_\_\_ (fever is considered 100 degrees or above)

Staff should glove when taking temperature if touching client, then sanitize the thermometer and wash hands; if not touching client, no need to glove.

(If you do not have a thermometer) Do you have a fever?  Y  N

2. When did you first begin feeling ill? \_\_\_\_\_

3. Do you have any of the following signs and symptoms (check all that apply)?

Fever or chills  Cough  Sore throat  Shortness of breath

If client has a fever, cough, and/or new onset of shortness of breath

**OR** sore throat in combination with any of the other symptoms initiate COVID-19

Protocols below. If client *only* has sore throat, ask to mask, no need to initiate full protocol unless develops further symptoms.

## COVID-19 Protocols

**Ask to wear a mask.**

If tenant refuses to mask they will not be able to stay in common areas.

**Have the person return to their unit**

**Call their primary care clinic or after hours nurse line if insured OR if they are uninsured call a local ER to have them triaged.**

Meriter Hospital ER: 608-417-6206

UW Hospital ER: 608-262-2398

St Mary's Hospital ER: 608-251-6100

If medical triage says to rest/isolate at home, assist in planning for two weeks in home: food, supplies, medication, etc.

If medical triage says to have tested, transport to Emergency Room (have client mask and transport by cab)
