  - a. *Wording should be changed from “will send a monthly email” Lane will ask Torrie to change this wording*
3. Email from Torrie with two items for discussion (Meeting with Senator Agaard and POS priority items)
  - a. *For POS priority items: 1. Fair, equitable and transparent funding processes, get input from homeless services providers and consumers using homeless services before proceeding with no-bid contracts and before launching any new initiatives, 2. Lived Experience Council, 3. Permanent, affordable and supportive housing for vulnerable individuals experiencing homelessness (for example people with disabilities and people who are chronically homeless)*
  - b. *For meeting with Senator Agaard (things we want to look into in regards to this: housing bill of rights legislation, Bills coming from Chris Taylor or Jimmy Anderson, housing bills out in California or Colorado around right to rest/decriminalizing homelessness/Housing not Handcuffs) Marissa will do some research on these items before next meeting.*
