

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources/>
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD via the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2019 Continuum of Care (CoC) Program Competition. For more information see FY 2019 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2019 CoC Program NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with navigational guides, which are also found on the HUD Exchange.
- Before starting the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).
- Carefully review each question in the Project Application. Questions from previous competitions may have been changed or removed, or new questions may have been added, and information previously submitted may or may not be relevant. Data from the FY 2018 Project Application will be imported into the FY 2019 Project Application; however, applicants will be required to review all fields for accuracy and to update information that may have been adjusted through the post award process or a grant agreement amendment. Data entered in the post award and amendment forms in e-snaps will not be imported into the project application.
- Expiring Shelter Plus Care projects requesting renewal funding for the first time under 24 CFR part 578, and rental assistance projects can only request the number of units and unit size as approved in the final HUD-approved Grant Inventory Worksheet (GIW).
- Expiring Supportive Housing Projects requesting renewal funding for the first time under 24 CFR part 578, transitional housing, permanent supportive housing with leasing, rapid re-housing, supportive services only, renewing safe havens, and HMIS can only request the Annual Renewal Amount (ARA) that appears on the CoC's HUD-approved GIW. If the ARA is reduced through the CoC's reallocation process, the final project funding request must reflect the reduced amount listed on the CoC's reallocation forms.
- HUD reserves the right to reduce or reject any renewal project that fails to adhere to 24 CFR part 578 and the application requirements set forth in the FY 2019 CoC Program Competition NOFA.

Information About Submission without Changes

Follow the instructions below making note of the exceptions and limitations to the “Submit Without Changes” process.

In general, HUD expects a project’s proposed project application information will remain the same from year-to-year unless changes are directed by HUD or approved through the grant agreement amendment process. However, HUD expects applicants to carefully review their information to determine if submitting without changes accurately reflects the expiring grant requesting renewal.

Data can be imported into a FY 2019 renewal project application from a FY 2018 new or renewal project application. For a project application that did not import last year’s FY 2018 information, e-snaps will automatically be set to “Make Changes” and all questions on each screen must be updated.

Renewal projects that select “Fully Consolidated” on the Grant Consolidation screen may not use the “Submit Without Changes” process and esnaps will automatically be set to “Make Changes”. However, if the applicant selects “Individual Renewal”, this project application(s) can use the “Submit Without Changes” process. In addition, esnaps will automatically be set to “Make Changes” if the project applicant indicates on the Renewal Expansion Screen, this project application is for a “Combined Renewal Expansion” project application. However, the stand-alone renewal expansion project application(s) can use the “Submit Without Changes” process.

The e-snaps screens that remain “open” for required annual updates and do not affect applicants’ ability to select “Submit without Changes” are:

- Recipient Performance Screen;
- Renewal Expansion Screen;
- Renewal Grant Consolidation Screen;
- Screen 3A. Project Detail
- Screen 6D. Sources of Match
- All of Part 7: Attachments and Certification; and
- All of Part 8: Submission Summary.

All other screens in Part 2 through Part 6 begin in “Read-Only” format and should be reviewed for accuracy; including any updates that were made to the 2018 project during the CoC Post Award Issues and Conditions process or as amended. If all the imported data is accurate and no edits or updates are needed to any screens other than the mandatory screens and questions noted above, project applicants should select “Submit Without Changes” in Part 8. If project applicants imported data and do need to make updates to the information on one or more screens, they must navigate to Part 8: “Submission Without Changes” Screen, select “Make Changes”, and check the box next to each relevant screen title to unlock screens for editing. After project applicants select the screens they intend to edit via checkboxes, click “Save” and those screens will be available for edit. Once a project applicant selects a checkbox and clicks “Save”, the project applicant cannot uncheck the box.

Please refer to the Detailed Instructions and esnaps navigation guides found on the HUD Exchange to find more in depth information about applying under the FY 2019 CoC Competition.

Recipient Performance

1. Has the recipient successfully submitted the APR on time for the most recently expired grant term related to this renewal project request? Yes

2. Does the recipient have any unresolved HUD Monitoring and/or OIG Audit findings concerning any previous grant term related to this renewal project request? No

3. Has the recipient maintained consistent Quarterly Drawdowns for the most recent grant term related to this renewal project request? Yes

4. Have any Funds been recaptured by HUD for the most recently expired grant term related to this renewal project request? No

Renewal Expansion

As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Expansion. This process can combine up to 1 stand-alone renewal project application and 2 stand-alone new expansion project applications into 1 combined renewal expansion project application. This means recipients no longer need to combine expansion data in CoC Post-Award. Renewal projects that are part of an expansion must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 GIW or eLOCCS, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a combined renewal expansion in the FY 2019 CoC Program Competition? "If "No" click on "Next" or "Save & Next" below to move to the next screen. No

Renewal Grant Consolidation Screen

HUD encourages the consolidation of renewal grants. As part of the FY 2019 CoC Program project application process, project applicants can request their eligible renewal projects to be part of a Renewal Grant Consolidation. This process can consolidate up to 4 renewal grants into 1 consolidated grant. This means recipients no longer must wait for grant amendments to consolidate grants. All projects that are part of a renewal grant consolidation must expire in Calendar Year (CY) 2020, as confirmed on the FY 2019 Final GIW, must be to the same recipient, and must be for the same component and project type (i.e., PH-PSH, PH-RRH, Joint TH/PH-RRH, TH, SSO, SSO-CE or HMIS).

1. Is this project application requesting to be part of a renewal grant consolidation in the FY 2019 CoC Program Competition? No
If "No" click on "Next" or "Save & Next" below to move to the next screen.

This project will administer the Dane CoC Coordinated Entry System and will employ 5 full-time staff. One CE System Manager, three CE case managers (one for families and single adult women, one for single adult men and a third to work at The Beacon, the community day resource center) and one CE prevention case manager. The system will use multiple access points. At each point participants will receive the standardized screening and assessment approach. The family and single women’s access point will be at The Salvation Army of Madison (TSA). TSA will prioritize family shelter beds for the two family shelters. The TSA CE single women and family case manager will meet with participants while they are using shelter or at The Beacon. The access point for single men will be at Porchlight’s Men’s Drop-in Shelter, where single men can present for emergency shelter services. Single men will meet with the single men’s CE case manager at Porchlight or at a scheduled time at The Beacon. In addition all persons will be able to access CE at The Beacon. Participants sleeping on the streets will be connected to CE through street outreach workers. The point of access for all participants seeking prevention assistance will be the Tenant Resource Center. When persons fleeing domestic violence and youth ages 18-24 present at any access point, the participant will have the option of connecting with services specifically designed to meet the unique needs of the sub-population or using the general CE system.

The CE system will utilize a standard assessment approach. All participants in need of permanent housing will be assessed using the most recently released version of the VI-SPDAT, VI-F-SPDAT and TAY-VI-SPDAT. The assessment process will be client-centered and allow for participant autonomy. Assessments will take place at all access points. All staff conducting assessments will be trained so that all assessments are conducted in the same manner. Assessors will use culturally and linguistically competent practices, and will conduct trauma-informed assessment of participants.

The Dane CoC CE system will use standardized housing placement prioritization that will be determined primarily be through a report generated through HMIS. This report incorporates the CoC housing placement ranking criteria. The CE system will utilize housing placement meetings for singles and families in order to allow case workers an opportunity to provide additional information needed for housing prioritization.

The referral process will be conducted through the HMIS. Staff at each access point will make referrals to the housing priority list, and staff at permanent housing agencies will accept referrals from the priority list. The CE manager will oversee the referral process, and will direct the CE case managers to follow-up with participants on the priority list.

4. Please select the type of SSO Project: Coordinated Entry

4a. Will the coordinated entry process funded in part by this grant cover the CoC's entire geographic area? Yes

4b. Will the coordinated entry process funded in part by this grant be easily accessible? Yes

4c. Describe the advertisement strategy for the coordinated entry process and how it is designed to reach those with the highest barriers to accessing assistance.

The CE System will use multiple access points. Information about access points will be targeted to those who may be least likely to access services via food pantries, health clinics, mental health providers, schools, and law enforcement. Information will also be provided through the county job center and 2-1-1, and will also be available on the Dane CoC website. Outreach workers will act as Mobile Assessment Hubs and engage with those who traditionally don't access services. To identify potentially under-served groups, the CE project will use available community data, such as HMIS data and 2-1-1 data, and will target the marketing plan to these groups.

Marketing materials will indicate that assessment hubs are accessible to those with disabilities, and that accommodations will be made if requested. In addition, marketing materials will indicate that services are available to all people regardless of race, color, national origin/ancestry, religion, sex, age, family/familial status, disability/handicap, actual or perceives sexual orientation, lawful source of income, gender identity, marital status, domestic abuse/sexual assault/stalking victims, military discharge status, physical appearance, political beliefs, student status, domestic partnership, tenant union association, genetic identity, citizenship status, Section 8 housing voucher participant, nonreligion and homelessness. Marketing materials will be provided in English and Spanish. Posters will contain the words "Lus Hmoob" to indicate that Hmong speakers are available. Other language services will be provided as needed.

The CE project will develop and update marketing materials. Posters advertising the CE System will be provided to area agencies and businesses that may serve people experiencing homelessness to display in prominent areas. Business cards will be provided to agencies and businesses to distribute to customers. Marketing materials will be reviewed at least annually and updated if necessary. Updated materials will be distributed to agencies and businesses. Up to date materials and information regarding CE will be available on the Dane CoC website. Additionally, CE staff will present to housing and service providers on how the CE System operates.

4d. Does the coordinated entry process use a comprehensive, standardized assessment process? Yes

4e. Describe the referral process and how the coordinated entry process ensures that participants are directed to appropriate housing and/or

services.

When participants present to the CE System, they will receive referral to basic housing resources such as diversion services, housing location assistance, and/or case management. If the participant is currently staying in emergency shelter, a place not meant for human habitation or transitional housing, and has not self-resolved their housing situation in 7-10 days, they will be assessed using the appropriate VI-SPDAT tool and placed on the Housing Priority List. Using HMIS, CE Staff will ensure that the participant does not already have an assessment in the system. If CE staff are aware of a participant who is staying in a place not meant for human habitation, they will inform the participant of services at The Beacon, emergency shelters, and offer connect the participant to an outreach worker.

When a household is referred to the Housing Priority List, the staff making the referral is responsible to follow-up with the household every 30-45 days. Households that do not use emergency shelter or outreach services within the HSC for two years, will be removed from the priority list. A household may refuse to complete the assessment. If a household refuses to complete the VI-SPDAT assessment, CE and outreach staff must continue to work to engage with them.

The CE System will also utilize monthly housing placement meetings to prioritize households with minor children. These meetings will be managed by the CE System Manager. Housing placement meetings will provide case workers an opportunity to provide additional information needed for housing prioritization.

The coordinated entry assessment process does not screen out people due to perceived barriers to housing or services, including, but not limited to, too little or no income, active or a history of substance use, domestic violence history, resistance to receiving services, the type or extent of a disability-related services or supports that are needed, history of evictions or poor credit, lease violations or history of not being a leaseholder, mental health issues, medical need, perceived ability to live independently or criminal record.

4f. If the coordinated entry process includes differences in the access, entry, assessment, or referral for certain populations, are those differences limited only to the following four groups: Individuals, Families, DV, and Youth? Yes
