

Point in Time (PIT) Committee Meeting Minutes

Tuesday, October 26, 2021 1:00 pm- 2:00 pm

1. Introductions: Sankofa BCH, Briarpatch, CDD, The Road Home, YWCA, Off the Square Club, TSA
2. Select note taker: Sara AJ
3. Updates: Sarah sent email to UW regarding donations. If they are not able to do it, CDD will work with Sankofa to draft a letter requesting funds from businesses. We really want robust Youth count this year. For our PIT committee discussion-identifying more youth (emergency sheltered/unsheltered), asking additional questions specific to youth. Want to engage more providers that engage with youth and youth. Possibly join YAB meeting to collaborate or schedule additional meeting later in the PM. Bring some concrete ideas to YAB-discuss at next PIT planning meeting.
4. Agenda items
 - a. How to identify and count more vehicle campers: possibly use social media (FB) to locate car campers; add parking lots to known locations; google form to HSC asking for locations for car campers; collaborate with FSSF or other teams that do outreach; need better process for counting/engaging with car campers-could just do pre/post count. Need to add car camper methodology to next PIT agenda (Sarah L) Add Social Media to Outreach agenda (sara AJ).
 - b. Known locations – how to identify people outside of Madison-Sarah is connected to Sun Prairie neighborhood group-progress; reach out to MOM, Stoughton, etc; Sara AJ can connect with Monona PD. Perhaps connecting with schools-Tyler.
 - c. Post count timeframe and logistics: remote/unsafe locations counted during post count- Porchlight will no longer be available in 2022; can assign teams to post count parking lots or flagged locations; Some teams go out at night and some go early in the AM. Google doc with locations that need to be rechecked in the AM; Post count at Beacon the following day (outreach) and Safe Haven (staff) and possibly at OTSC. Need team lead on Post Count teams.
 - d. Walk-on items-none
