**Future Considerations :**

- List of people experiencing unsheltered homelessness
- Coordinated Entry (CE) housing placement by month, possibly with race and ethnicity data
- Inflow and outflow
- Characteristics of first time homeless for prevention targeting
- How many people were eligible for PSH but offered RRH
- Info on households with just adult members (couples, siblings) & unsheltered homelessness
- Voucher retention and return to homelessness
- # of people served in outreach and CE (not included in annual HUD report)
- Doubled up data
