2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

Our Executive Director has 30 years of experience being the Executive Director of 2 nonprofits and has been President of a 3rd volunteer non-profit who have received federal HUD, FEMA, HOPWA, ARPA and CARES Act funding, including CoC, HUD Housing Counseling, CDBG, ESG and ESG-CV funded programs. She has also administered government grants with the State of Wisconsin (Department of Health Services, Department of Revenue, UW-ASM, UW-Health, Wisconsin Partnership Program and DECHR housing and homelessness funding), Dane County (GPR, ARPA and CDBG funding), City of Madison (Community Services, CDBG, ESG, GPR funds) as well as corporate and foundation funds. The funds were for various programs including tenant housing counseling, homelessness prevention funding (mediation, financial and social services), coordinated entry, housing focused outreach to people experiencing unsheltered homelessness, rapid rehousing program, street medicine, medical clinics and more. She has helped create 2 tiny house communities as President of Occupy Madison and is the Project Coordinator for the first city-sanctioned campground - all three projects serve people experiencing unsheltered homelessness.

For these grants she has complied with all federal, state, local and CoC policies and procedures. She has used e-snaps, e-loccs, provider gateway and many other grant and finance reporting tools by all of these government programs. All programs have complied with the written standards, incorporated funding requirements into policies and procedures and have been through may desk monitoring and financial and programmatic audits from HUD, state and city governments.

Since the campground opened campers have gotten housing through PSH, RRH, Hotels to Housing and various other programs. Our Executive Director has nearly 30 years of experience with helping people find housing, developing various housing lists and experience in tenant-landlord laws that will help our staff assist others in finding housing.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

In 2019 we had a \$19,000 budget at Madison Street Medicine. In 2022 we have a \$1.6M budget. We received a \$400,000 4-year grant from the WI Partnership Program to hire our first Executive Director in April of 2020 when the pandemic hit. We then obtained grants to hire 3 outreach housing case managers, 1 nurse, 1 medical program director, and 1 assistant director. The 2-year city campground grant (\$1M/yr) allowed us to hire 4 full-time and 4 part-time staff, in addition to subcontracting with Kabba Recovery Services. We obtained several pandemic specific grants (CARES & ARPA funds); 3 of those grants (ESG-CV state \$100,000, ESG-CV city \$109,000, County capacity building - \$150,000) will expire by 12/31/22. When applicable, those grants paid for large, one-time costs (2 outreach/medical vans, campground infrastructure, etc.). A 4-year city outreach grant (\$200,000/year) replaced those grants along with a 2-year state grant (\$50,000) to fund our medical program director. We received several small grants under \$10,000 each and recently recieved a \$40,000 foundation grant and applied for several more.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

Our Board of Directors passes a budget created by the Executive Director with input from our Core Circle. Once the budget is passed, that directs the funding spending for the organization. The Executive Director, Assistant Executive Director and CPA hired through Common Good Bookkeeping then work closely to do purchasing, pay bills, gather receipts, enter information in quickbooks, track grant expenses, do grant reporting, ensure grant compliance and more. They meet weekly to track progress and use google spreadsheets to manage their workflow. The Treasurer joins the meeting monthly to check in. Their work is reviewed monthly by the Treasurer and quarterly by the Finance Circle and Board. The Finance Circle reviews the finance policies annually to make recommendations to the board of directors. The Treasurer also assists in reviewing finance procedures annually. We had an audit in 2020 and 2021 and we are preparing to have a single audit in 2022.

2. CoC Collaborative Applicant Name: City of Madison

3. Project Name: Unsheltered Homelessness - Campground
Services Only

4. Project Status: Standard

5. Is this project applying for the Unsheltered Homelessness Set Aside or Rural Set Aside? Unsheltered Homelessness Set Aside

6. Component Type: SSO

6a. Select the type of SSO Project: SSO-Other

7. Is your organization or expected subrecipient a victim service provider defined in 24 CFR 578.3 and uses a comparable HMIS database? No

8. Will funds requested in this new project application replace state or local government funds (24 CFR 578.87(a))? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

We run a city-sanctioned campground with 29 tiny houses. The local CoC and the City of Madison qualify this as an outreach program. We understand that you cannot do housing based outreach, but we can do housing navigation and that is one of the primary needs for the project. Currently we have 3 case managers and they focus on mental health, substance use disorder, daily living skills and more with the campers, often leaving little time for completing chronic homelessness paperwork, digging into the details in HMIS and housing search and placement. 2 case managers would have a case load of 14-15 people who they would primarily focus on housing. They would not be based at the campground because there simply is no space, instead they would meet with the clients and be actively engaging them in the housing search and placement process. They may also assist with housing for people enrolled in Madison Street Medicine outreach program as needed. In the event that funding is cut for the other case managers, they may take on the roles of the current staff as well and be located on site.

Our goal is to quickly turn over the people living in the campground to give others an opportunity to live in a better location than the streets, a tent or their vehicles. So far we have had 16 people get into housing in about 10 months. We believe with staff dedicated to housing we can increase these numbers. In the even that funding is cut for the campground, we would continue to house people at the current rate.

See question 5a and 5b and Section and particularly 4A for the housing navigation services.

1a. Describe how the proposed project is consistent with the plan described by the CoC in response to Section VII.B.4 of this NOFA?

We cannot answer this question at this time because the the plan is not yet completed, however, 2 of our staff members are helping write the plan and we are committed to ensuring our program is consistent with the plan.

2. For each primary project location, or structure, enter the number of days from the execution of the grant agreement that each of the following milestones will occur if this project is selected for conditional award.

4. Will your project participate in the CoC's Coordinated Entry (CE) process or recipient organization is a victim service provider, as defined in 24 CFR 578.3 and uses an alternate CE process that meets HUD's minimum requirements? Yes

5. As an SSO non-CE project answer the following questions:

5a. Describe how the street outreach project will develop a strategy for providing supportive services to those with the highest service needs, including those with histories of unsheltered homelessness and those who do not traditionally engage with supportive services.

Our campground was designed to do exactly as described. We currently run a city-sanctioned campground where we prioritize people who have been sleeping unsheltered or have a history of sleeping unsheltered. The campground was set up to address a park where 50 - 100 campers were camping on a regular basis. When the park was shut down some people went to hotels, some went to the campground. Since then the hotel program has closed and we have prioritized people who were in the City hotel who have not found housing and returned to unsheltered homelessness. In the future we will take people off the top of the Coordinated Entry priority lists who have been experiencing unsheltered homelessness or have a history of unsheltered homelessness.

We have found a way to get people who were most resistant to any services (or kicked out of other services) to engage with us. And we have housed 16 people in less than 10 months. Others we have been able to engage in unresolved mental health issues, substance use issues and physical health issues. We have ample harm reduction supplies available and staff who are practice trauma informed care, motivational interviewing and offer peer support.

5b. Describe how project refers program participants to projects that specifically coordinates and integrates mainstream health, social services, and employment programs for which they may be eligible?

Health - We run a Street Medicine program with over 85 volunteers who are primarily doctors, physicians assistants and nurses. We also run weekly clinics at the men's shelter & the day shelter and a monthly foot care clinic. Our volunteers will be available for clients who may not have or are not yet comfortable with their primary care provider. Our staff nurse and some volunteers are available to coordinate care, accompany people to appointments and do follow ups as necessary. Our staff nurse also helps manage medications and educate clients when needed.

We have long waiting lists for many mental health and substance use programs and some of our clients do not qualify for the programs. Our social workers and medical teams can work with people on various aspects of their recovery as needed. We also distribute harm reduction supplies, have good working relationships with the Crisis Line workers and CARES mobile mental health team, MAT centers (Monarch) and can problem solve with them even if our clients cannot access services. Our strong working relationship with Kabba Recovery Services and Access Health will also open doors for other medical services as needed. Access has behavioral health teams and dental services available on a sliding scale.

Social Services - If the client is interested, we will help them apply for Comprehensive Community Services or CCS which is a voluntary program paid for by the county that offers case management services. We will also help connect them to other social services that may be needed including anything from Project Respect (sex workers), Rape Crisis Center, Domestic Abuse Intervention Services to services that serve LGBTQ+ persons, disability and aging programs, veterans programs and more.

Employment - For employment services we will utilize the Dane County Job Center and various services available there as well as private market day labor and temp job programs. We will also assist with SSI/SSDI applications for those who may not be able to work.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

Our case managers will assist in housing search and placement for people at the campground and choose to participate. Housing search will consist of assessing the amenities and location the participant desires, talking to them about being realistic about the expectations of finding housing, teaching the client various ways to search for housing they desire, assisting filling out applications, providing transportation and accompaniment to housing appointments, practicing interviews if needed, reviewing leases to set clear expectations for the tenant, informing tenants of their rights and fair housing laws as necessary.

For those with rental histories that landlords will have problems with, we will work on explaining how things are different now, work on payment plans with old landlords and help with appeals when needed.

Once in housing, we will provide case management for up to 6 months to assist the tenant in the transition to housing. We will work with progressive engagement and budgeting to ensure the tenant can afford their rent. We will work on obtaining mainstream resources and increasing income as well as other goals the tenant may have.

If troubles arise with the landlord we will serve as an intermediary to help problem solve to keep the tenant in good standing with the landlord. We can help provide referrals to mediation and legal assistance when needed. If an eviction hearing is scheduled we will help ensure that the tenant shows up to court and accompany them through the process, hopefully ending in a mediated agreement.

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

Health - We run a Street Medicine program with over 85 volunteers who are primarily doctors, physicians assistants and nurses. We also run weekly clinics at the men's shelter & the day shelter and a monthly foot care clinic.
