Update on Core meeting attendance from 11/19

Suggested Priorities: We need state help with funding. Eviction moratorium and increasing budget. Keeping it informal and keeping it general and focus on State legislators for now. Youth homeless demonstration project focused on homeless youth up to the age of 24

Next steps: Lane agreed to email CORE and ask if the dates work and how much time is available. Heidi will reach out to officials once we get approved dates from CORE. Get questions from Torrie and discuss in the next E&A meeting on January 14th. Lane will email our EAC committee to invite them to these CORE meetings to get it on our calendars as well.

Date: TBD suggested Jan 21, Feb 18th and March 18th

Time: TBD *suggested 1-2:30pm during core meeting 1 hour minimum

Invite: Subeck, Sargent, Stubbs, Roys, Hong, Anderson, Hesselbein

Regular emails to HSC members (did not send one on 12/01)

Workflow for future emails. Discussed Google doc as a workflow to populate content.

Lane will populate with current City and County committees that we should pay regular attention to.

Document from Brenda-

Brenda said we should start over as anything she has would be outdated

Quizzes from Pam-

Lane will put these in an EAC Google folder to possible use in the future. Robin offered to check in with Jenna about existing Google folder for this group.

Other?

What is E&A role within the HSC? Two audiences, the HSC as a whole and also elected officials (Dane County, City and State). Trying to mobilize HSC to know what issues are important and why and how to best advocate for the needs of the homeless community. Next meeting, January 14th 9:30-11am
