What is YoungStar?

YoungStar is Wisconsin's child care quality rating and improvement system. We give parents tools and information to raise happy, healthy kids. We help preschools and child care providers give children safe, nurturing places to grow. How do we do it?

- By objectively measuring child care quality from one to five stars for thousands of child care providers.
- By giving parents an easy way to find programs that match their family's lifestyle, budget, and special needs.
- By supporting providers with tools and training to deliver high quality care.
- By setting a consistent standard for child care quality.
