SPEAKER TODAY WAS SARA LIM (CO CHAIR) SPEAKING ON POINT IN TIME COMMITTEE

Spoke on what exactly it is, and why it is important. It is essential in data gathering so future funding can be accurately determined. H.U.D. requires a Point In Time for each Continuum of Care to be carried out by staff and volunteers and conducts surveys to allow people to express their specific needs and their housing stories. The Point In Time is conducted annually of both sheltered and unsheltered individuals experiencing homelessness. A successful Point In Time locates as many people experiencing homelessness as possible.

Michael Holly asked the question regarding what the messaging is and can be in the future.

Kristen Conrad mentioned that we can not let individuals be refused because of our approach to them. Every person should be treated the same if possible

Heather asked a question about how to approach individuals if their answer is no from the beginning.

Jeremy mentioned on asking the individuals directly "Have you looked for housing?"

Both the Salvation Army and Sankofa serve children and their families and Marjorie from Porchlight mentioned that if individuals are suspended from the Shelter can still be assisted from the other above mentioned agencies.

Taylor mentioned to be honest about the process but not to "sugar coat" the process.
