Our Values

**Dignity** - We behave in ways that restore and maintain the dignity of our Friends. We believe and act in ways that keep each other's spirits strong, providing and receiving feedback to help others grow.

**Friendship** - We are friends and value each other. We are kind, direct, honest, and build each other up. We value the effort and heart that each person brings.

**Collaboration** - We understand the power of teamwork and stay focused on the larger goals. We value progress more than perfection. We accomplish goals together.

**Community** - We depend on the people in our community to accomplish our mission. We leave a legacy of love and connection through our actions, and how we represent ourselves within our community.

**Trust** - We base our work and relationships in integrity and doing the right thing for the greater good. We give people the benefit of the doubt. If conflict arises, we have constructive and direct conversation to resolve it and move forward for the betterment of our Friends.
Never doubt that a small group of thoughtful, committed, citizens can change the world. Indeed, it is the only thing that ever has.”
